

SAPC Provider Utilization Management Meeting

Los Angeles County Department of Public
Health

November 15th, 2023

Substance Abuse Prevention & Control

Agenda

- **Update: UM Progress on Processing Backlogged Authorizations**
- **New Fields on Authorization Form**
- **Reminders/Clarifications**
- **Essential Contact Info/SAPC Referrals Process**
- **30d/60d Initial Engagement Authorizations**
- **Residential Re-Authorizations for Patients Experiencing Homelessness**
- **Bidirectional Referrals with Harm Reduction Agencies**
- **Discussions/Questions**

LIFT: 9/12/23 Pending authorizations to be assigned

- **Currently at 627/968 pending auths (Latest Update 11/13/23)**

Date	Pending assignment for WM, Residential, RBH	Pending assignment for outpatient, IOP and OTP
9/18/2023	1721	1989
10/16/2023	1868	1249

- Extending work hours/days to the maximum possible
- Flexibility with authorization timelines clarification
 - Clinical Standard Documentation requirement, in place during the blackout
 - Flexibility for submitting authorizations

What's New

1. New fields on Authorization Form
2. For Primary Sage User, these providers will document in one single Progress Note. Secondary Sage User can continue to use their SAPC approved documentation.
- 3. Reminders

1. For authorizations with services start dates that fall in this fiscal year 23-24, the following are what's new when filling out the authorization form:

▲ TEST,ANTHONY (000160603)

	<p>TEST,ANTHONY (000160603) M, 51, 10/07/71, Male Preferred Name: - Personal Pronouns: -</p>	<p>Ep: - DX P: - Facility Chart#: -</p>	<p>Location: - Communication Pref.: - Phone #: 626-206-1912</p>	<p>▲ Allergies (0)</p>

Member Service Authorization 21-

▼

Brief Member Review Member Authorization History Authorization Number
113216

Provider will be asked to indicate whether the authorization is an “Initial” authorization or a “Continuing” authorization

- Initial means patient is admitted to a new site or new level of care.
- Continuing means patient is continuing in the same level of care and at the same site (aka “reauthorizations”).

Progress Note

- For Primary Sage User, these providers will document in one single Progress Note.
- Secondary Sage User can continue to use their SAPC approved documentation.
- Tips for documenting in new Progress Note form
- Only “One” Form of Progress Note

Progress Note (BIRP)
Progress Note (GIRP)
Progress Note (SIRP)
Progress Note (SOAP)

Please refer to the new form available on SAPC's website

The screenshot shows the SAPC website interface. At the top, there is a navigation bar with 'Program Home', 'FAQ', 'Comment', and 'Contact'. Below this is a main menu with 'SAPC' and various categories like 'About', 'Prevention', 'Treatment', 'Recovery', 'Harm Reduction', and 'Providers'. A search bar is located on the right side of the main menu.

The main content area is titled 'Manuals, Bulletins, and Forms'. Below this title, there is a search box and a list of document categories: 'Manuals & Guides', 'Bulletins', 'Clinical', 'Beneficiary', 'Contracts & Compliance', 'Finance', and 'CRLA'. The 'Clinical' category is currently selected.

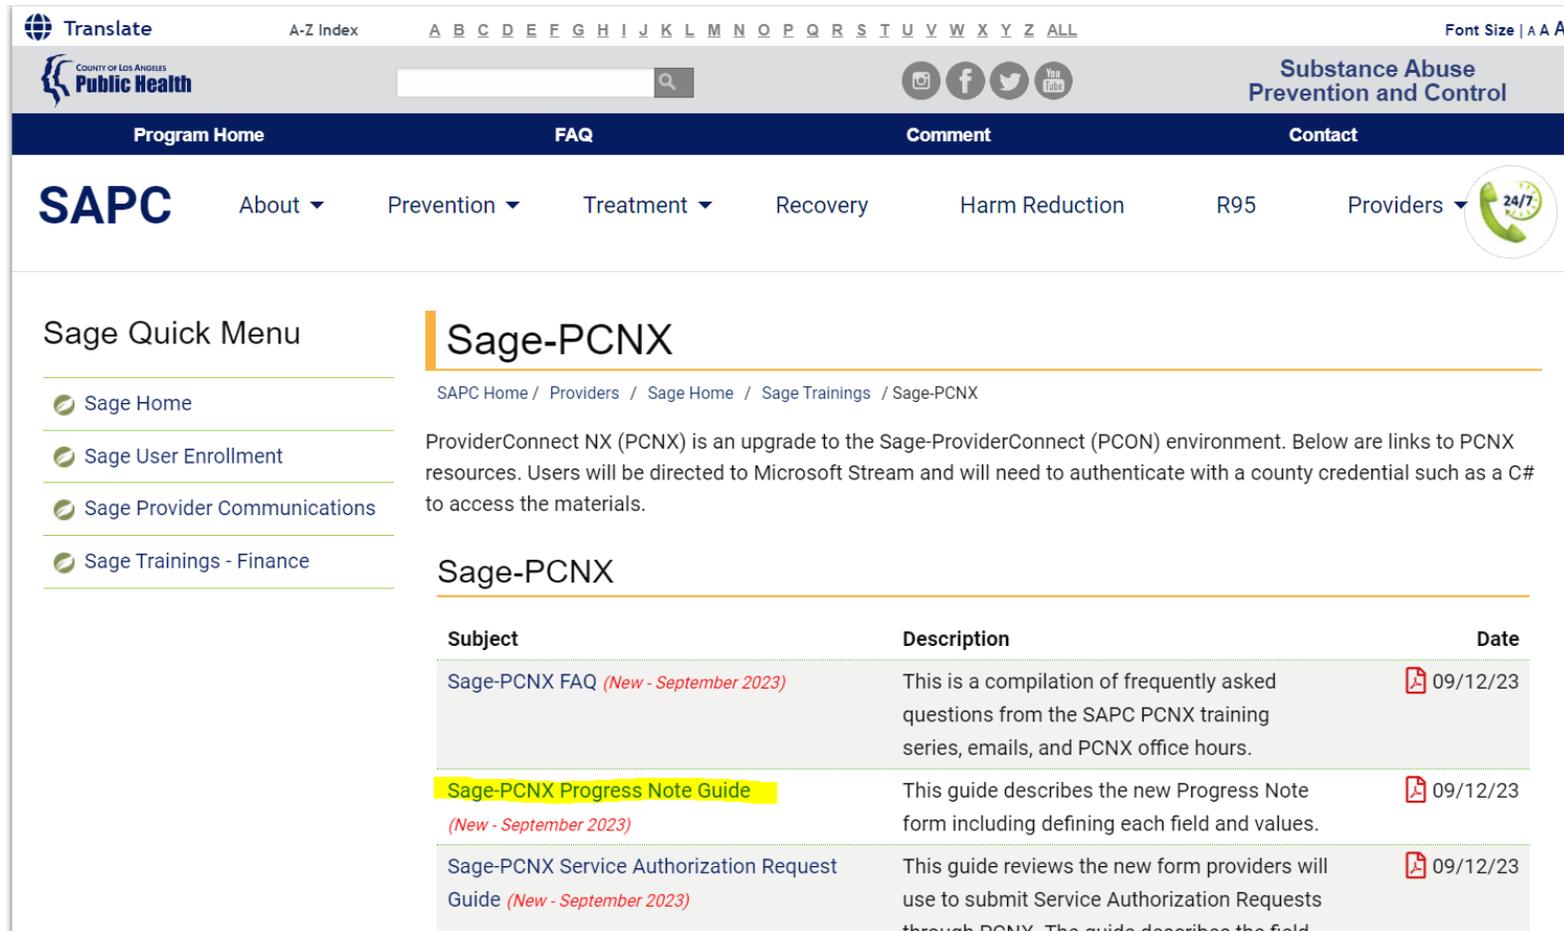

Under the 'Clinical' category, there is a section titled 'Clinical Forms and Documents - Treatment Services Related'. This section contains a table with the following data:

Subject	Date
Progress Note (New - September 2023)	09/11/23
Checklist of Required Documentation for Utilization Management - Sage Version 5.0	03/06/23
ASAM Assessment Requirements	03/06/23
ASAM Screener for Youth and Young Adults	10/20/22
Problem List-Main	07/10/23
Problem List Addendum (Additional Problems)	07/26/22
Eligibility Verification and Member Authorizations	12/02/21
Patient Handbook and Orientation Video Acknowledgment Form	07/29/20

At the bottom of the table, there is a link: [For more languages, click here](#).

For detailed instructions on completing the new Progress Note form please see the Sage-PCNX Progress Note Guide

<http://publichealth.lacounty.gov/sapc/providers/sage/sage-pcnx.htm>

The screenshot shows the Sage-PCNX website interface. At the top, there is a navigation bar with 'Program Home', 'FAQ', 'Comment', and 'Contact'. Below this is a secondary navigation bar with 'SAPC', 'About', 'Prevention', 'Treatment', 'Recovery', 'Harm Reduction', 'R95', and 'Providers'. A 'Sage Quick Menu' is on the left, listing 'Sage Home', 'Sage User Enrollment', 'Sage Provider Communications', and 'Sage Trainings - Finance'. The main content area is titled 'Sage-PCNX' and includes a breadcrumb trail: 'SAPC Home / Providers / Sage Home / Sage Trainings / Sage-PCNX'. A paragraph explains that ProviderConnect NX (PCNX) is an upgrade to the Sage-ProviderConnect (PCON) environment. Below this is a table of Sage-PCNX resources.

Subject	Description	Date
Sage-PCNX FAQ <i>(New - September 2023)</i>	This is a compilation of frequently asked questions from the SAPC PCNX training series, emails, and PCNX office hours.	09/12/23
Sage-PCNX Progress Note Guide <i>(New - September 2023)</i>	This guide describes the new Progress Note form including defining each field and values.	09/12/23
Sage-PCNX Service Authorization Request Guide <i>(New - September 2023)</i>	This guide reviews the new form providers will use to submit Service Authorization Requests through PCNX. The guide describes the field	09/12/23

Reminders

- Disseminate relevant information from SAPC meetings to staff who creates and submits auths.
- To prevent further delays, please submit all authorizations with required documentation accurately.

Example 1: Some providers selected “Yes” for the Initial Engagement question for RI-CM auths but the correct answer should be “No”.

Example 2: RI-CM auths need a completed ASAM for approval.

Example 3: Medical necessity note was not correctly labeled so our care managers need to take more time to find them, etc.

- For any contract amendments related to adding new locations or levels of care being delivered at SAPC contracted agencies, please do not submit authorizations until you have received clearance from contracts that SAGE has been fully configured to align with the contract. During configuration, please ensure that documentation is being completed via SAPC approved paper forms and attached into the client's chart.
- Providers, please note that when an authorization is submitted with the Benefit Plan as **DMC SUD Services** and the Authorization Grouping is selected as **All**, there is no level of care tied to the authorization. This is causing a technical issue and QI/UM will not have visibility on your authorization submission.
- **Hold Claims/Billing Until Authorization Approval**
- Ensure that authorizations are submitted with accurate dates

Essential Contact Info

- For a specific authorization question, contact the care manager named in SAGE
- UM General number: **(626) 299-3531** and email: SAPC.QI.UM@ph.lacounty.gov
- Netsmart Helpdesk for SAGE technical problems/questions: **(855) 346-2392**
- Phone Number to file an appeal: **(626) 299-4532**
- Providers or patients who have questions or concerns after receiving a Grievance and Appeals (G&A) Resolution Letter should contact the **G&A number** at **(626) 293-2846**

Clarification

- Phone Number to follow-up with an appeal after receiving a resolution letter: **(626) 293-2846**

UNIT BRANCH/CONTACT	EMAIL/Phone Number	Description of when to contact
Sage Help Desk	Phone Number: (855) 346-2392 ServiceNow Portal: https://netsmart.service-now.com/plexussupport	All Sage related questions, including billing, denials, medical record modifications, system errors, and technical assistance
Sage Management Branch (SMB)	SAGE@ph.lacounty.gov	Sage process, workflows, general questions about Sage forms and usage
QI and UM	SAPC.QI.UM@ph.lacounty.gov UM (626)299-3531- (No Protected Health Information PHI)	All authorizations related questions, Questions about specific patient/auth, questions for the office of the Medical Director , medical necessity, secondary EHR form approval
Systems of Care	SAPC_ASOC@ph.lacounty.gov	Questions about policy, the provider manual, bulletins, and special populations (youth, PPW, criminal justice, homeless)
Contracts	SAPCMonitoring@ph.lacounty.gov	Questions about general contract, appeals, complaints, grievances and/or adverse events. Agency specific contract questions should be directed to the agency CPA if known.
Strategic and Network Development	SUDTransformation@ph.lacounty.gov	DHCS policy, DMC-ODS general questions, SBAT

SASH	(844) 804-7500	Patients calls requesting for service

Residential Re-Authorizations for Patients Experiencing Homelessness

Residential Re-Authorizations for Patients Experiencing Homelessness

- Patients experiencing homelessness at the time of admission to residential treatment are at increased risk of returning to problem substance use if they do not have a place to stay following discharge
- Providers should establish a housing plan for patients experiencing homelessness during their residential admission so that patients are discharged with a place to stay after discharge.
- SAPC recognizes that successful housing plans are more feasible for patients who are completing residential treatment as compared with patients who leave against treatment advice.

Residential Re-Authorizations for Patients Experiencing Homelessness

- SAPC Utilization Management criteria for approval of requests for continued residential admissions for patients experiencing homelessness who do not have a place to stay includes the following:
 - The patient's homelessness status is appropriately documented in CalOMS, on a current problem list finalized/signed by an LPHA (required every 30 days), and/or documented within the Patient's EMR
 - The patient agrees to ongoing residential admission and treatment
 - The provider has documented their efforts to establish a post-discharge housing plan for the patient
 - The above is documented within a (Medical Necessity Justification) Progress Note that is submitted alongside the request for residential level of care reauthorization

Discharge Planning for PEH

Within three (3) calendar days of admission, providers must initiate the following:

1. Develop a housing plan

2. Engage in Problem-Solving

- Identify options of maintaining current housing
- Identify immediate and safe housing alternative within patient's family.

3. Coordinated Entry System (CES)

- Conduct CES Triage Tools if patients have not completed one or existing information needs update
- CES Triage Tools are based on the Vulnerability Index – Service Prioritization Decision Assistance Tool (VI-SPDAT)

4. Point of Contact in the Homeless Management Information System (HMIS)

5. Assist in Document Readiness

Reminder: Initial Engagement Authorizations for Non-Residential Levels of Care

Initial Engagement Authorizations for Non-Residential Levels of Care

- **Submit a Full (Standard) Authorization When Medical Necessity Has Been Established**
 - No need to wait 30/60d before submitting a full authorization request, but provides flexibility for patients
- **For initial engagement authorizations prior to establishing medical necessity**
 - Make explicit via designated PCNX radio button
 - Conduct an ASAM assessment when the patient is ready to participate, prior to submitting the auth request for the balance of the authorization duration

See DHCS Behavioral Health Information Notice (BHIN) 23-001:

<http://www.dhcs.ca.gov/Documents/BHIN-23-001-DMC-ODS-Requirements-for-the-Period-of-2022-2026.pdf>

Authorization Periods – Patients Aged 20 and Under or PEH

For **NON-RESIDENTIAL SERVICES**, initial authorizations for patients **aged 20 and under** and **People Experiencing Homelessness (PEH)** will be set at 60 days while they are being engaged and medical necessity is being established.

1

Initial 60-Day Engagement Authorization Period

- Patient must be LA County Resident
- Must meet SAPC Financial Eligibility requirements
- **Must meet age requirement of being 20 or under**
- **Documentation of homelessness status is required (if applicable)**
- Does NOT need to meet medical necessity

2

New Authorization Request submitted following initial 60-day authorization. In this example, the second authorization would begin Dec 22, 2023 and provider will have 7- or 14-days (depending on age of patient) to finalize the ASAM assessments and 30 days to submit all necessary documentation to establish medical necessity, as per current requirements.

Providers:

- Should engage patient to try to complete ASAM assessment and establish medical necessity throughout the initial 60-day authorization, but if this is not possible, the timelines for ASAM assessments and establishing medical necessity are the same as previously:
 - 7- or 14-days to complete ASAM assessment upon the end of the initial 60-day authorization period depending on clients who are 21 and over (7-days) or aged 20 and under (14-days); and
 - 30 days to submit all documentation to establish medical necessity and submit complete member authorization.

Total Authorization Length

- **Outpatient Services*** → 2 months for the initial authorization period for those aged 20 and under and PEH, and then 4 months for the new authorization once medical necessity is established (in this example, it would end on April 22, 2024)
- **OTP Services**** → 2 months for the initial authorization period for those aged 20 and under and PEH, and then 10 months for the new authorization once medical necessity is established (in this example, it would end on Oct 22, 2024)

*Total time will equal 6 months for outpatient services

**Total time will equal 12 months for OTP services

Authorization Periods – All Other Patients Aged 21 and Over Who Are Not Experiencing Homelessness

For **NON-RESIDENTIAL SERVICES**, initial authorizations for patients aged 21 and over who are not experiencing homelessness will be 30 days while they are being engaged and medical necessity is being established.

- 1 **Initial 30-Day Engagement Authorization Period**
 - Patient must be LA County Resident
 - Must meet SAPC Financial Eligibility requirements
 - Does NOT need to meet medical necessity

- Providers:
- Should be engaging patient to try to complete ASAM assessment and establish medical necessity throughout the initial 30-day authorization, but if this is not possible, the timelines for ASAM assessments and establishing medical necessity are the same as previously:
 - 7- or 14-days to complete ASAM assessment upon the end of the initial 60-day authorization period depending on clients who are 21 and over (7-days) or aged 20 and under (14-days); and
 - 30 days to submit all documentation to establish medical necessity and submit complete member authorization.

- 2 **New Authorization Request** submitted following initial 30-day authorization. In this example, the second authorization would begin November 22, 2023 and provider will have 7- or 14-days (depending on age of patient) to finalize the ASAM assessments and 30 days to submit all necessary documentation to establish medical necessity, as per current requirements.

Total Authorization Length

- **Outpatient Services*** → 30 days for the initial authorization period for those aged 21 and over who are not homeless, and then 5 months for the new authorization once medical necessity is established (in this example, it would end on April 22, 2024)
- **OTP Services**** → 30 days for the initial authorization period for those aged 21 and over who are not homeless, and then 11 months for the new authorization once medical necessity is established (in this example, it would end on Oct 22, 2024)

*Total time will equal 6 months for outpatient services

**Total time will equal 12 months for OTP services

Diagnosis Code During Initial Engagement Authorization Period

- If an SUD diagnosis is evident for a patient during an initial engagement authorization and confirmed by an LPHA prior to the completion of an ASAM assessment, providers agencies can document the patient's SUD diagnosis during the initial engagement authorization period.
- If there an SUD diagnosis is not known during the initial engagement authorization period, LPHAs can document the diagnosis code: Z03.89, "Encounter for observation for other suspected diseases and conditions ruled out" which is a placeholder diagnosis until the SUD diagnosis is established.
- Any eligible practitioners can document one or more of the ICD-10 codes Z55-Z65, "Persons with potential health hazards related to socioeconomic and psychosocial circumstances." These codes may be used by all practitioners during the initial engagement authorization period prior to diagnosis and do not require certification as, or supervision of, a Licensed Practitioner of the Healing Arts (LPHA). This Z-code would also serve as a placeholder diagnosis until the SUD diagnosis is established.
- For a list of the available ICD-10 codes Z55-Z65, see Table 1 in Attachment A beginning Page 5 of the DCHS All Plan Letter 21-009:
<http://www.dhcs.ca.gov/formsandpubs/Documents/MMCDAPLsandPolicyLetters/APL2021/APL21-009.pdf>

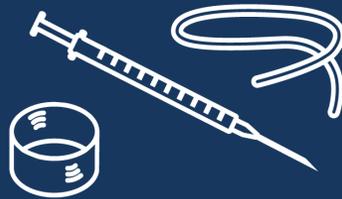

Lowering Barriers to Care
***Bidirectional Referrals Between Harm
Reduction & Treatment Programs***
R95 Capacity Incentives 2F-1 & 2F-2

Better Blending Treatment & Harm Reduction

- We know recovery is a continuum, but the separation and programmatic divide between treatment and harm reduction services is often wide and needs to be addressed to better match the continuum of SUD services with client experience.
- Better integrating treatment and harm reduction services within agencies is both a cultural and operational issue, with the cultural issue being the more challenging to address.
 - Achieving this goal will require addressing this from both angles and will require agency-level interventions on top of what SAPC focuses on given that agencies have different cultures and agency leadership know their culture best.
- **Ingredients for culture change at the agency-level**
 1. Knowing what we're dealing with – Opening the door for discussions to explore staff thoughts/feelings around this topic (e.g., individual/supervision/staff meetings, office hours, etc.) --> **ESSENTIAL FOCUS!**
 2. Leadership making the end goal clear – Aligning the agency and staff
 3. Evaluating progress – How do we know when treatment and harm reduction service are more integrated?
 4. Adjusting approaches as needed – Our evaluations will allow us to modify our interventions to more effectively achieve this integration

Harm Reduction Services

**Harm Reduction
Supplies Access**

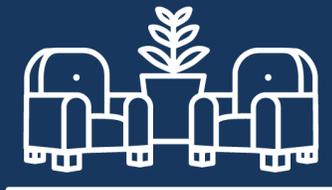

**Syringe Exchange &
Disposal**

**Naloxone and
Test Strips**

**Medications for
Addiction Treatment**

Drop-In Centers

**Linkage to Housing
Services**

Pharmacy Access

**Referrals for Needed
Services**

- **GOAL** → Meeting people where they are, both figuratively and literally
 - While brick and mortar locations are needed, mobile services that go out to people who are unlikely to go to brick and mortar locations are also needed

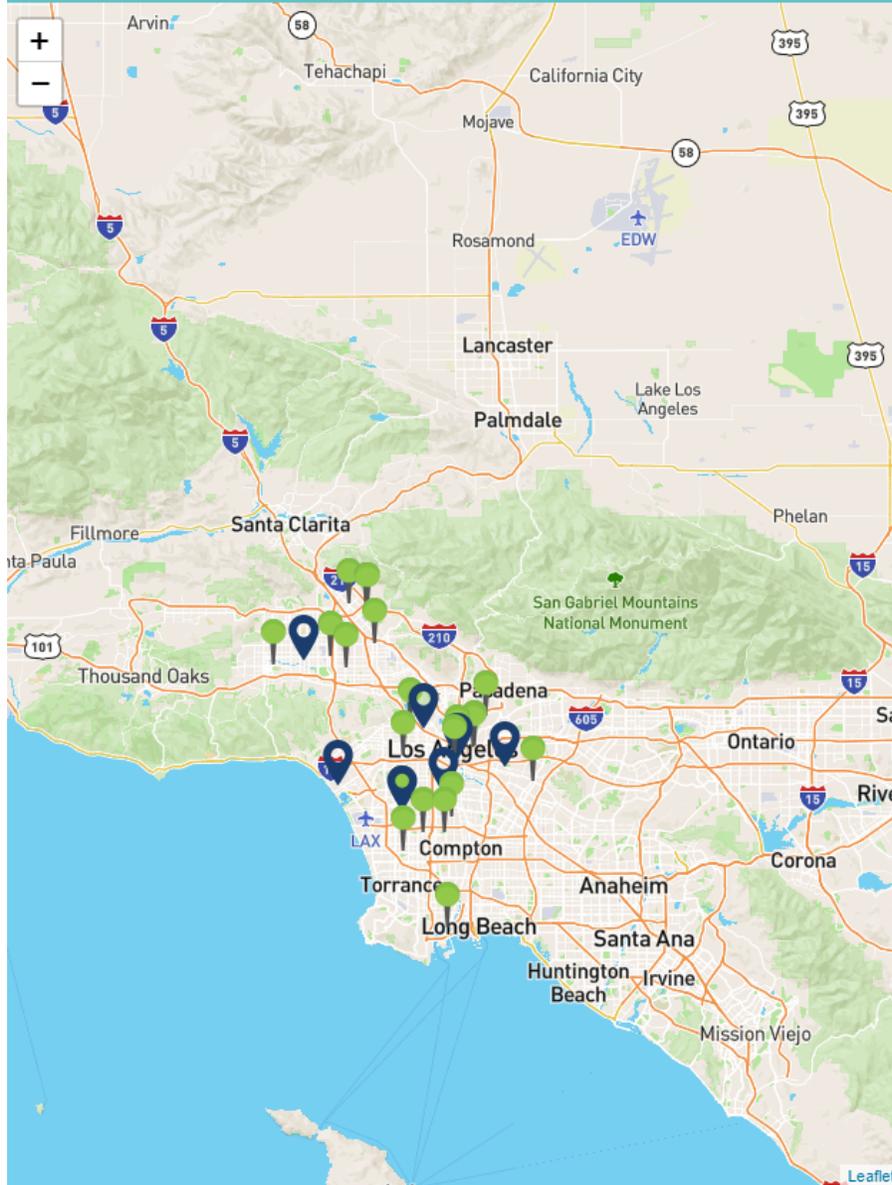

HARM REDUCTION SYRINGE SERVICE PROGRAMS

Harm Reduction Syringe Services Programs

Harm reduction syringe services programs provide access to naloxone, safer injection and smoking supplies, and education which:

- Reduces the risk of fatal overdose
- Reduces the risk and spread of HIV infection
- Reduces the risk and spread of Hepatitis C
- Connects people to treatment and provides a gateway to recovery

Call to find out hours and days of operation.

Finding Harm Reduction Services

Engagement and Overdose Prevention (EOP) Hubs

The Engagement and Overdose Prevention (EOP) Hubs are LA County contracted syringe service providers who provide harm reduction services, peer-led education, and peer-led support services. Harm reduction services include conducting syringe exchanges, providing safer use supplies including safer smoking equipment, distributing naloxone overdose reversal kits, and connecting participants to other important services and programs such as:

- Education about overdose prevention and harm reduction practices.
- Naloxone distribution and education.
- Screening, care, treatment for viral hepatitis and HIV.
- Referrals to medications for addiction treatment, and other medical, mental health, and substance use disorder (SUD) treatment services.
- Fentanyl test strips distribution and education.

LA County EOP Hubs

Email HarmReduction@ph.lacounty.gov for more information about LA County harm reduction services and with any questions about connecting with an LA County certified harm reduction syringe services provider agency

Discussions/Questions

“The opposite of addiction is not sobriety; the opposite of addiction is **connection.”**

- Johann Hari
