

Emergency Preparedness for You and Your Pets

Who do you consider family?

How many of you have pets at home?

What is an emergency?

What is a natural disaster?

Earthquakes

Drought

Floods

Our families should be prepared for emergencies

Does your family have a plan?

Do you have a meeting spot?

EXIT

Prepare together

Start a checklist

What do you do in case of an emergency?

How can you prepare for an emergency?

What are some items that should be in your emergency kit?

- Water

- Non-perishable canned food

- Batteries

- First-aid kit

- Can opener

- Whistle

- Flashlight

- Blanket

What are items that should be in your pet's kit?

- Identification tag

- Microchip

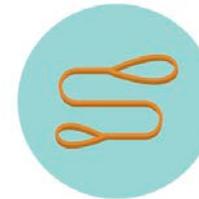

- Medical records

- Bowls

- A picture of you and your pet together

- Leash

- Carrier for each pet

- toys

Matching Activity: Look at the pictures below. Choose a caption that describes each picture. Write its letter next to the picture

- A. Stay inside when it is thundering and lightning. Stay away from windows and doors.
- B. Activity you can do using a flashlight during a blackout
- C. If you hear a smoke alarm or see fire, get out fast!

What can you do?

You can help your parents by:

- Ask your parent's if everyone in the family has an emergency kit. Don't forget your pet's too!
- Making a family emergency plan
- Have a list of pet-friendly hotels
- Planning an emergency escape route
- Memorize your home address and parent's phone numbers
- Check the smoke detectors in your house to make sure they work
- Reminding them to get extra cans of non-perishable food on your next grocery shopping trip
