

HOW TO PROTECT YOUR FAMILY AGAINST RABIES

**Rabies is preventable!
Keep your dogs & cats
current on their
rabies vaccines.**

**Bats are the
number one
source of rabies
in Los Angeles
County.**

**Teach children how
to avoid bites and
how to safely
interact with pets.**

**Report abnormally
acting bats (out during
the day, dead or
unmoving on the
ground) or bats found
inside of a house to your
local animal control for
pick-up.**
